James Gibbs
Human Resource Manager
Lexis Nexis
9443 N Springboro Pike
Miamisburg, OH 45342

Dear Mr. Gibbs:

I was pleased to learn of your need for an experienced programmer at Lexis Nexis. With the experience I have from previous jobs and university I am prepared to become an immediate asset to your team.

The following are highlights of my qualifications and accomplishments:

- Programming languages I have learned: C#, C++, Java, Objective C, MATLAB, Python, Visual Basic, Html, JavaScript, jQuery, SQL, ASP.NET, VBA
- Helped build a web API for my current employer
- Worked on multiple MVC web products for my current employer
- In-depth knowledge of data structures and algorithms

My persistence has allowed me to overcome any problem I have faced and exceed expectations at my current employer. I have the ability to adapt quickly and work on many different projects. With my experience as a programmer I will immediately make a positive impact on the team.

Sincerely,

Philip Petrosino
